

Experimental Aircraft Association Chapter 526
and
Auburn Aviation Association

2022 EAA Air Academy Scholarships

In partnership with the Auburn Aviation Association, Auburn Chapter 526 of the Experimental Aircraft Association (EAA) is offering scholarships to individuals residing in the greater Auburn area to attend EAA Air Academy summer camps during 2022.

One applicant who will be age 14 or 15 as of July 5, 2022, will receive full tuition and up to \$600 in air fare reimbursement to attend the July 5 - 10, 2022, session of EAA Basic Air Academy.

One applicant who will be age 16, 17, or 18 as of July 29, 2022, will receive full tuition and up to \$600 in air fare reimbursement to attend the July 29 - August 6, 2022, session of EAA Advanced Air Academy.

These highly regarded summer camps are held at Oshkosh, Wisconsin, home of EAA AirVenture, the world's largest aviation event. Camp participants will be immersed in many aspects of aviation. AirVenture will be held July 25 - 31, 2022, and Advanced Air Academy participants will attend. Basic and advanced camps usually sell out months in advance. Chapter 526 has already secured the necessary slots for 2022.

For purposes of these scholarships, the greater Auburn area is defined as Placer, El Dorado, Nevada, and Sacramento Counties. Upon each scholarship winner's return from Oshkosh, EAA Chapter 526 will reimburse up to \$600 in air fare to/from either Green Bay or Appleton.

Applications will be accepted **December 6, 2021, through January 31, 2022**. Apply online at:
